2018-19 BAY Preschool Program

Premier Kindergarten Prep

We will use the **Creative Curriculum** program in our Preschool. This program contains units and materials that encourage students to explore and discover new ideas.

The Creative Curriculum emphasizes communication with parents and features materials that parents can review, as well as an evaluation program to help teachers communicate a child's success in the classroom.

In addition to this curriculum, our teachers will lead units related to months, holidays, and special occasions following state standards.

Standard of Excellence

We participate in the **Keystone STARS** program, which is an initiative of the office of Child Development and Early Learning. Keystone STARS improves, supports, and recognizes the continuous quality improvement efforts of early learning programs in Pennsylvania. Learn more about Keystone STARS at www.pakeys.org

Our preschool site is licensed by the **PA Department of Human Services**.

Enrichment Above & Beyond

Our students will enjoy a number of exciting visits into our community emphasizing discovery and engagement with both role models and peers.

- Local businesses such as Weis Markets
- The Children's Museum
- The Bloomsburg Public Library

We will also invite parents to join us for special trips to fun and educational sites such as **Clyde Peeling's Reptiland** and **Knoebels!**

Knowledge and Care

JULIA FREY Preschool Teacher

"I'm thrilled to be teaching children at the YMCA. I enjoy teaching young children and seeing their eyes light up when they **learn something new.**"
